

**BSA Troop 1610
Committee Meeting
5.9.22**

Present: Becky Bibbs, Colin Bibbs, Christopher Bibbs, Lura Masih, Tressa Orthmeyer, Debbie Callahan, Don Hendriks, Chaslin

Old Business: We're still promoting summer camp & almost all of our scouts have signed up (14 scouts total & 2 adults) so we need an additional vehicle for summer camp. Chris took the Wilderness first aid.

Sailing camping trip in June - need to sign up early, get waivers signed & get the cost figured out. We will be doing the sailing merit badge and need to do a presentation on the merit badge beforehand.

Advancements: William & David's paperwork is at the church; Vincent's hasn't come in from Nationals.

Treasurer: We have about \$5500 available right now & have a good amount toward summer camp. Don offered to pay the balance for summer camp (\$1295) up front so that no one has to pay the late fee.

Secretary Report: none

Megan: May 31 - scouts will vote on next year's camping agenda.

Don Hendriks: The last camping trip went fairly well; we ran out of gas in the small propane containers again but the scouts learned how to use the larger containers. Maybe we should go back to using the larger containers most of the time and use the smaller ones for trips that won't have the troop trailer.

The scouts suggested doing flag ceremonies at meetings up until Memorial Day to practice for the Memorial Day event.

5/10 - canoeing campout planning meeting; shop for and pick out a new rain fly

5/17 - water safety

5/18.- possible swim night at ROMS (or possibly the 19th) - scouts need their swimming certification for both canoeing and sailing campouts. Chris will double-check the safety requirements and see if someone can do the swim night on the 18th.

5/24 - troop room cleanout

5/30 - Memorial Day service

5/31 - tent maintenance & foosball; summer camp & expedition schedule

June meetings are not planned yet; Vincent's Eagle scout banquet 6/4

SPL: Our five new crossovers are doing really well; they were paired off 1:1 with another scout at the last meeting and started getting to know the older scouts. The troop may do a patrol restructure at the next election - the PLC was in favor. A lot of scouts are excited about the canoeing camping trip.

New Business: Shopping for and choosing a new rain fly was added to the troop meeting schedule.

Five scouts are going to the Memorial Day event - Chris will send out another email and announcement tomorrow night.

Chris will bring the paperwork for the recharter to the troop meeting tomorrow for Jeff's signature.
